Spot Light Manager

Smart Billing, Stock, and Profit Management for Restaurants

For

Restaurant Owners | Biriyani Shops | Cloud Kitchens

Problem

Manual billing, weak stock control, and unclear profitability are hurting daily operations.

Solution

A modern digital platform that helps you manage billing, stock, cost, and profit from one simple system.

Key Benefits

- faster billing
- better stock visibility
- clearer profit reporting
- improved day-to-day control
- better decision-making

Core Features

- Billing
- Stock Tracking
- Profit Analysis
- Sales Reports
- Branch Support
- Website Presence

Pricing

- One-time setup: Rs. 35,000 - Rs. 60,000
- Monthly support: Rs. 1,499 / branch
- Advanced modules available on request

Next Step

Book a live demo and we will customize the system for your restaurant.
